How well has the course met your learning needs?							✓
Comments: Course has met all my learning needs - ready to start now.							
Was the information presented well and clearly enough?							✓
Comments: fantastic presentations - really informative & interesting.							
Do you feel the day provided value for money?							✓
Comments: Best value for money course that I have been on!							
Is the balance between PowerPoint learning & practical hands on about right given that you do have to learn the boring bits?							✓
Comments: No boring bits encountered!							

What do you need next? – e.g. a mentor, a more advanced course or revision learning day, a study group for the BBKA Basic Assessment????

Join a local club.

What are your thoughts about the pre-course questionnaire? I find it useful to assess what information I need to cover for you but it is tedious to complete.

Easy to complete; very useful.

We are wondering whether we need to split the course into 2 separate days and give more information? What do you think? If the course is not very full making it into 2 separate day courses seems a bit problematic.

It's been very useful to have the course completed over the 2 days.

We should maybe rename the Intermediate Course and make it more clear that anyone who has had bees for a year can come. New names? Something that describes it better please

....

Any other comments (PTO if necessary)?

Excellent course - thank you very much!

Practice - Honey on.

What are your thoughts about the pre-course questionnaire? I find it useful to assess what information I need to cover for you but it is tedious to complete.
Simple and straight forward.

We are wondering whether we need to split the course into 2 separate days and give more information? What do you think? If the course is not very full making it into 2 separate day courses seems a bit problematic.

We should maybe rename the Intermediate Course and make it more clear that anyone who has had bees for a year can come. New names? Something that describes it better please

I think I need to join a bee keeping group

What are your thoughts about the pre-course questionnaire? I find it useful to assess what information I need to cover for you but it is tedious to complete.

We are wondering whether we need to split the course into 2 separate days and give more information? What do you think? If the course is not very full making it into 2 separate day courses seems a bit problematic.

For me I think it's more than enough information for ~~me~~ one weekend

We should maybe rename the Intermediate Course and make it more clear that anyone who has had bees for a year can come. New names? Something that describes it better please
